Registered No. M.—1175

The Mysore Gazette.

Vol. 61.] PUBLISHED BY AUTHORITY. [No. 4.

BANGALORE, THURSDAY, JANUARY 28, 1926.

PART III.

Legislative Measures and Rules thereunder.

NOTIFICATION.

No. R. Dis. 45-25, *dated* 23*rd January* 1926.

In virtue of the power delegated to him in Notification No. Fl. 875—S. R. 19-082, dated the 7th August 1908, the Excise Commissioner issues the following rules, approved by Government in their Order No. Fl. 3922-3—Ex. 33-25-2, dated 13th January 1926, regulating the import under bond of medicinal and toilet preparations containing spirit of Indian manufacture into the Mysore State from any place in British India or Indian States. These rules will come into force from 1st April 1926.

IMPORTER TO OBTAIN PASS AND EXECUTE BOND.

1. Any person desiring to import in bond from any place medicinal or toilet preparations containing spirit of Indian manufacture shall make an application in Form I annexed to these rules. Such application shall be made to the Deputy Commissioner of the District in which the place of business of the importer is situated for an import-in-bond pass and shall execute with that officer a bond in Form No. II annexed to these rules, with sureties for the payment of the full amount of the duty leviable on the preparations to be imported.

ISSUE OF PASS.

2. In the absence of any objection, the Deputy Commissioner shall, on receipt of the application as aforesaid, issue an import-in-bond pass in triplicate in Form III hereto annexed, part A of the pass being kept on record in his office, part B being handed over to the importer and part C being sent to the Excise Inspector of the Range concerned who will examine such imports on arrival.

IMPORTER TO FURNISH INFORMATION.

3. The importer shall give to the Excise Officer so deputed at least 3 days' previous intimation of his intention to import a consignment of the medicinal or toilet preparations and of the date and hour at which the consignment will be ready for examination in his office. The importer shall present part B of the pass to the Excise Inspector concerned and furnish him at the same time with an invoice of the consignment. In the invoice shall be stated the number of drugs, or other receptacles, the net and gross weight of each drum or receptacle, the number of bulk gallons and the strength and number of proof gallons contained therein. The Inspector will calculate the duty to be levied on the particulars contained in the invoice at the rates in force for the time being; he shall communicate the same to the applicant who will pay the amount to the nearest Government Treasury along with the prescribed chellan form which will be in triplicate. The Treasury officer shall receive the money and sign the copies of the chellan, one of which shall be returned to the applicant and the other sent to the Excise Inspector of the Range and retain the counterfoil in his office.

VERIFICATION OF THE CONSIGNMENT.

4. On arrival, the consignment shall be immediately presented by the importer or his agent to the Range Office for examination together with part B of the pass, the invoice and the treasury receipt for having paid the duty to the treasury. The Range Inspector shall examine the consignment to see that the number of drums or other receptacles forming the consignment tallies with that shown in the pass and the seals thereon are intact. He shall then note the result of his examination on part B and the particulars on the reverse of part C intended to be filled up by him. He shall then re-seal such drums or other receptacles and shall record the invoice in his office. In case of any excess in quantity found on arrival of the consignment, the Range Inspector shall recover the amount of duty due on such excess from the importer, before it is cleared from his office.

SAMPLES TO BE FURNISHED.

5. A sample of each preparation shall, if necessary, be drawn in the presence of the importer or his agent for Chemical analysis; if the strength found on analysis of such samples be much higher than the strength declared in the invoice, the importer is bound to pay such additional duty as may be levied.

IMPORTER TO BEAR ALL COSTS AND RISKS OF CONVEYANCE.

6. The cost of conveying the consignment from the Railway Station to the Range office and all risks incidental to such import and transport shall be borne by the importer, and all consignments lodged in the Range Office shall be at the risk of the importer concerned.

7. Any person found importing medicinal and toilet preparations containing spirit of Indian manufacture in contravention of these rules is liable to be dealt with under Section 55 of the Mysore Excise Regulation, V of 1901.

8. These rules shall not apply to the imports of spirituous medicinal and toilet preparations obtained for Government Departments or for *bona fide* hospitals and charitable institutions or *bona fide* private consumption in small quantities.

V. R. THYAGARAJA IYER,
Excise Commissioner.

FORM I.

Application for pass to import in bond medicinal or toilet preparations containing spirit of Indian Manufacture.

(Date)
